MEDIA KIT 2026

OUTDOOR ADVERTISING • DUBAI

WHO WE ARE

IDOOH operates a premium network of large-format outdoor advertising sites across Dubai. Our sites are strategically located in high-traffic areas, giving brands a strong and highly visible presence across the city.

OUR TEAM

Our team brings together more than 20 years of international experience in media and outdoor advertising across Europe and the Middle East. Our expertise enables us to deliver effective advertising solutions tailored to each brand's objectives.

We are committed to high standards of client service, long-term mutually beneficial partnerships, and a creative approach that ensures every campaign delivers meaningful business results.

OUR ADVERTISING NETWORK

The IDOOH network features premium static sites in some of Dubai's largest outdoor advertising formats.

The sheer scale of each advertising surface delivers maximum visual impact and makes the message highly visible from a distance. The static format gives brands an exclusive presence, with the entire advertising surface dedicated to a single message.

This format is particularly effective for new product launches, high-impact brand campaigns, product and service promotion, and brand awareness.

It does more than attract attention — it communicates the brand's scale, status, and strong market presence.
